The web page with details. <http://www.martinosworld.com/Genealogy/Rice-Family-Tree.htm#JRice2>

I have obtained copies of these photos from many people so this is a collaborative effort. I have collected them over many many years. They are digitized and I will gladly sent you a flash drive of the collection. I have many more photos then in this document.

Although I do not have the original photo in most cases, I have the original of many of the unknowns. If they can be identified and belong in your line, I will gladly pass them along.

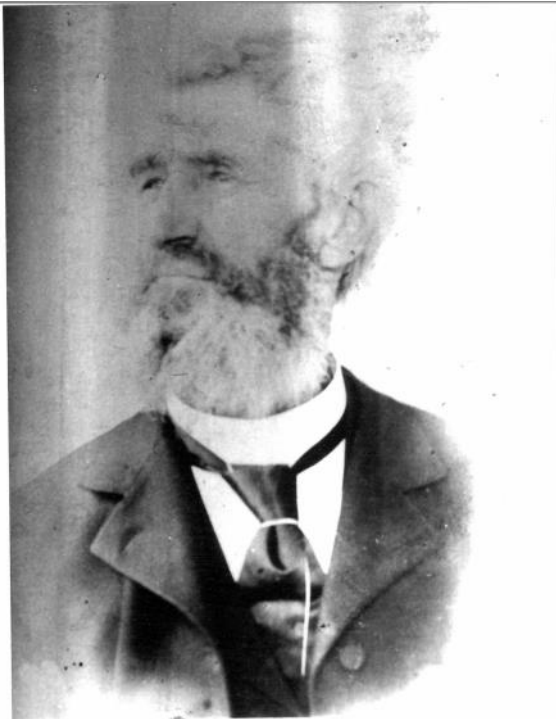

I can not verify the accuracy of all photo IDs. Please send me any corrections or additions to martino@pobox.com/ I make spelling mistakes so please check that.

Organizationally I usually listed the family group's in order of birth. So the children of Jeremiah Rice Sr are listed in their order of birth.

I only have a few photos other than those of Jeremiah Rice Sr. descendants. Hopefully some of you will share. I do not have photos of all of Jeremiah's children's descendants either. Hopefully more will get added over time.

My descent is through James Rice Sr—Jeremiah Rice Sr—Jonathan Rice—Mary Rice McMinn—Leora McMinn Williams—Linda Williams Martino

Left: Hiram Jr does not have a son that is the age of the Hiram III on the left.
Maybe a grandson Hiram Rice son of his son Gilbert Lafayette Rice?

Jeremiah Rice Sr 1827 -1892

Jeremiah Rice Sr and 2nd wife Mary Holcomb Stanley-Neighbors Rice

The big question is this Jeremiah Rice Sr and if so who is the woman? The age of her clothing is late 1840s and his first wife Massah Bandy Rice d. 1845. This would point to his second wife Mary Holcomb Stanley-Neighbors Rice but I do not think she looks the same as the photos identified as Mary Holcomb Stanley-Neighbors Rice

In the right photo a nephew is in front of them.

This identification is based the couple being in all 3 birthday photos of his sister-in-law Sirrilda Etherton Rice taken 1912-1916. She was the widow of his brother Jonathan. His position in the photos indicates he is probably a brother or brother-in-law. Sirrilda's only living brother is in the photos. All her other brothers and brothers-in-law are deceased at the time of the last photo except for Jerry. He lived around 22 miles from her.
